

The truth is John Lee wants another job at the expense of the taxpayers. It's the third time he's tried in just over a year.

He wanted you to pay him to live in Washington D.C. as a Congressman. When he couldn't have that, then returning to the State Senate was okay. But the voters, said 'no thanks'. Now, his last option is Mayor of North Las Vegas. So suddenly, it's the most important job to him, despite being his third choice.

The truth is when you cut through John Lee's lies and vicious personal attacks, Shari Buck has taken on the impact of the financial crisis with commitment and dedication. She's delivered solid results and made real progress to put our city on the road to recovery.

Here's the **TRUTH** about Shari Buck's record as mayor:

- Aggressive diversification of economy has attracted new businesses and created jobs in manufacturing, medical services and technology.
- Held banks accountable for maintaining vacant and abandoned houses to help home values.
- Created a stronger economic environment with 'Buy Local' and 'City Walks' campaigns.
- Consolidated services at the new City Hall and saved a million dollars a year.
- Establishing a North Las Vegas Business Development Authority to make it easier to do business in North Las Vegas, and create a friendly business environment.
- Continue to work together with our city's fine police, fire and emergency personnel to ensure that public safety and emergency services remain a top priority.
- Maintain our commitment to the revitalization and improvement of our neighborhoods.

Deception. Stretching the truth. Dishonest claims. Fabrication. Lies. John Lee is not being honest with the people of North Las Vegas.

By any test, Lee is using a false and deceitful message to fool the voters.

Unfortunately, there is no 'TRUTH POLICE' in a political campaign to make sure he tells the truth. The closest thing is YOU, the voter.

Reject John Lee and his lies.
