MARK HUTCHISON CHARGING OUR ECONOMY

A BUSINESSMAN AND PROVEN JOB CREATOR

Raised by hardworking blue-collar parents, Mark Hutchison got his first job at age 11, delivering newspapers. He worked his way through high school and college and started his own business after graduating from BYU law school.

Today, Mark Hutchison's business has grown into one of Nevada's major law firms, and Mark has created jobs for nearly a hundred employees.

Mark will use that firsthand experience to work together with Governor Brian Sandoval to strengthen Nevada's economy and create the jobs and opportunities our children and grandchildren need.

FIGHTING GOVERNMENT OVERREACH

Mark was appointed by Governor Sandoval to lead the legal fight against Obamacare all the way to the US Supreme Court. Mark did it for free because of his strong commitment to protecting Nevadans and stopping the job-killing regulations of an overreaching federal government.

Mark will work to get government out of the way of small businesses and give them the freedom they need to grow and create new jobs.

FIGHTING TAX INCREASES TO KEEP NEVADA COMPETITIVE

As a business owner, Mark understands the direct result tax hikes have on job creation.

As Lieutenant Governor, Mark will work to create the right environment for existing businesses to succeed and new companies to open their doors here in Nevada.

Mark opposes the job-killing Margins Tax, because he understands that raising taxes on employers will stifle economic growth.

SUE LOWDEN

Isn't Who She Says She is ...

Lowden says one thing, but does another.

Thousands Donated to Reid and Other Liberal Democrats

Lowden has a history of contributing to liberal Democrat candidates, including Harry Reid. Lowden has contributed thousands of dollars to Harry Reid and other congressional Democrats. She gave the maximum allowable contribution to Reid 5 times.¹

Millions in New Taxes and Fees Raised on Hardworking Nevadans

As a candidate for Lt. Governor now, Lowden claims she will fight to reduce taxes – no matter what. But as a State Senator, Lowden voted to impose millions in new taxes and fees on families and small businesses.²

Raising Taxes on Our Veterans

As a State Senator, Lowden introduced legislation to force certain veterans to pay a fee to be buried in Nevada's veterans' cemetery.³

Failing to Pay Over Half a Million Dollars of Her Own Bills

Lowden has failed to pay over \$500,000 in bills owed from her 2010 US Senate campaign, forcing small businesses that did work for her to have to take legal action against her to get paid. Four years later, these bills are still not paid.⁴

Extravagance and Irresponsibility

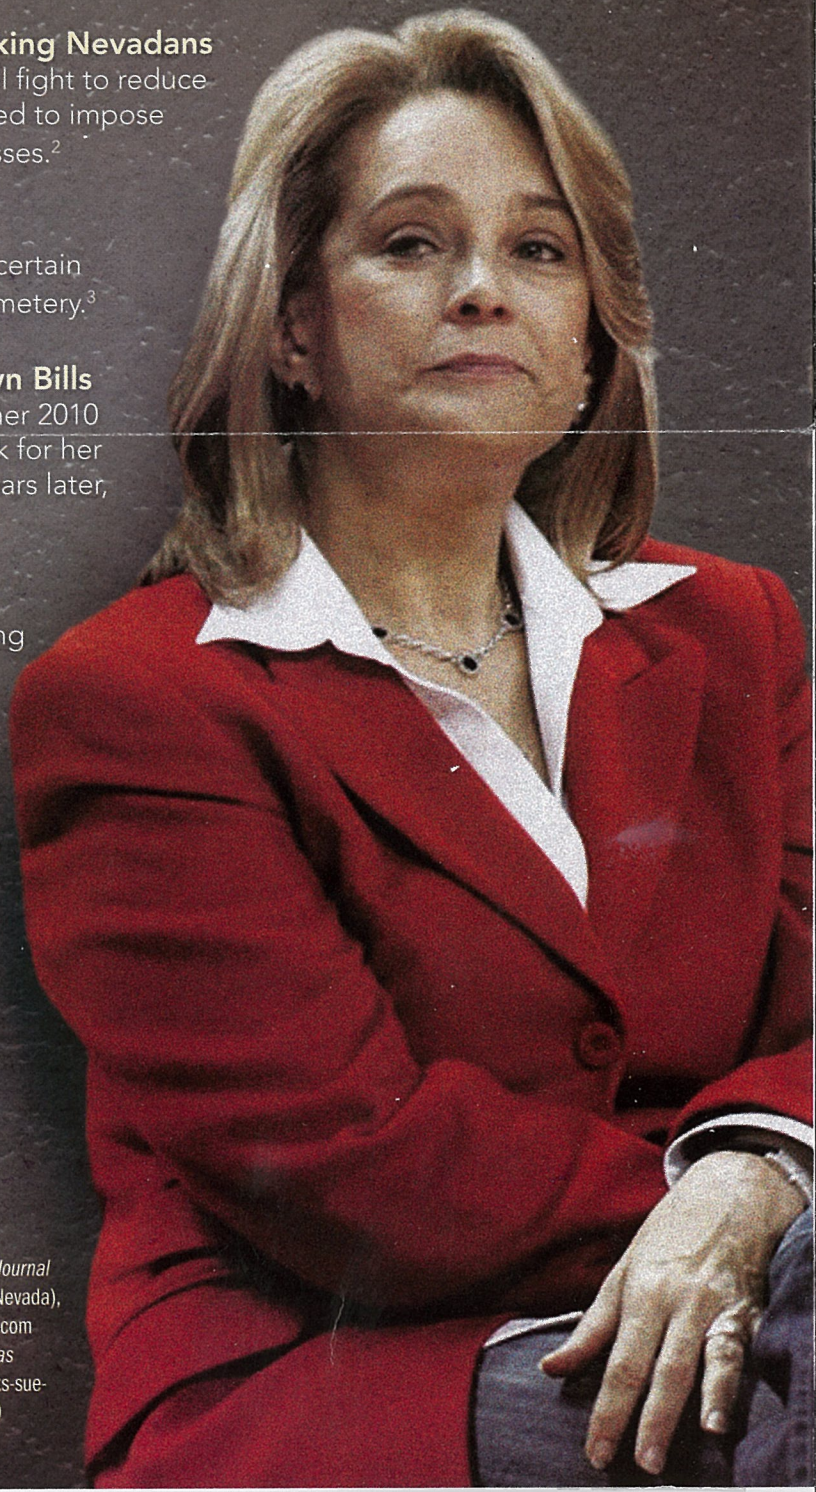

Lowden had a \$1.5 million lien placed on her home for failing to pay contractors for work done, including work done on her private spa and pool.⁵

Bad Business, Big Bonus

At the same time that Lowden's company fired over 100 workers and eliminated certain employee benefits, Lowden's family increased their own compensation by nearly \$1 million, including a \$200,000 bonus.⁶
