

KEEP *Your* COUNCILWOMAN

ANITA WOOD

**Working Full-Time to Put Your Safety First.
Not the Special Interests.**

Your Councilwoman Anita Wood has been working full-time to put North Las Vegas first, not the special interests. That means creating jobs, protecting neighborhoods and balancing the budget even when tough choices have to be made. Although some decisions may have been unpopular with those directly affected, Anita has worked tirelessly to keep property taxes low without laying off a single firefighter or police patrol officer. That is Anita's full-time commitment.
